The Advisor-PhD student interaction: framework conditions and possible challenges

A roundtable discussion

- **PhD supervision: General framework conditions at the IMT School (a clarification of: objectives, expectations, organization, timing)**
- **Thematic distance between supervisor's competencies and PhD thesis' topic ("how far can a supervisor stretch?")**
- **Co-authorship between supervisor and PhD student: Benefits and possible risks**
- **Supervision of foreign (non-Italian) PhD students: Do cultural differences matter in the supervision relationship?**

Speakers
