

RESEARCH AS A PROFESSION

Course in

“Scientific Writing, Dissemination and Evaluation”

Prof. Luca Aceto (GSSI-L’Aquila)

Course abstract:

In order to ensure their widest possible dissemination, research results need to be presented in academic publications and in talks. The first goal of this course is to introduce students to basic principles of academic writing and on basic techniques to plan and deliver good academic talks. In addition, the course discusses the key principles of peer review, which is what makes science reliable knowledge. In particular, the course focuses on how to write a professional referee report.
