OPEN CALL FOR VOLUNTEERS

“Direct & Indirect Economic Impacts of Lucca Comics & Games:

Assessment of the Audience Related Economic Flow and the Commercial Partners”

IMT Lucca and Lucca Comics & Games are collaborating for an impact assessment study and looking for volunteers to participate in the project during the festival. Here is some information about volunteering opportunities.

Qualifications

You don't have to be an expert! Students and enthusiasts work alongside academicians. Enthusiasm and interest in the topics of the festival as well as a good knowledge of English and commitment to the assigned duties are important qualities. As for researchers, it will be a great field experience.

Duties

Volunteers are expected to conduct surveys at the project booths and are requested to work 25 hours in total, which will be scheduled part-time on daily basis during the LC&G Festival from 29 October to 1 November. A flexible roster system is foreseen to allow you to schedule your work commitments and to attend the parts of the festival that interest you. So, you can enjoy the free entrance every day, while having the possibility to meet interesting people and gaining professional experience.

Benefits

Volunteers' critical work does not go unrecognized. All the volunteers, who work at the booths with commitment, will receive free entrance to LC&G Festival and free lunch tickets for every day. Furthermore, they will receive a certificate for their participation in the project from IMT Lucca.

Timeline

Volunteer registration is open from 15 September to 9 October 2015. The selected volunteers will be announced on 12 October 2015 and they must be able to attend a training session. The details of the training session will be shared with the volunteers after the announcement of the selection.

If you are interested, please fill in the online application form: www.imtlucca.it or <http://www.luccacomicsandgames.com>
